

# Town of Summerton

## NEW TAP APPLICATION

The undersigned makes application for water service at \_\_\_\_\_ and hereby requests the Town of Summerton to make a connection to its main. The town will specify the location, size, kind and quality of all material entering into the service connection and will set and turn on the meter.

Installation time will vary, but will be a minimum of 15 business days after application is made.

### PLEASE ENSURE ADDRESS IS MARKED AND VISIBLE FROM THE STREET

#### THE UNDERSIGNED AGREES TO THE FOLLOWING:

Comply with all rules and regulations of the Town of Summerton.

The Town of Summerton's responsibility stops at the point of connection to the meter on the customer side of the meter.

Comply with local codes and ordinances in the construction, use and alteration of the plumbing system.

If non-residential, shall install an approved backflow prevention device to avert a cross connection or back flow condition. Such device shall be tested yearly and test report submitted to the Town of Summerton.

Shall not create an electric shock hazard by improper electric grounding to the plumbing system.

Must, at all times, take necessary measures to protect the meter box, meter setting and service line and is responsible for damages to the Town of Summerton property caused by them, their contractor and/or subcontractors.

#### THE METER SERVES THE FOLLOWING PREMISE TYPE (CHECK ONE):

- Residential (single premise residence, duplex or multiple premise residence where each unit is served by its own meter).
- Commercial (multiple premise residence (apartment building] served by a single meter, private educational institutions, all businesses where water is not used principally in manufacturing or processing of a product. Commercial includes laundries, hotels, motels, restaurants, bars, non-government office buildings, non-government hospitals and other medical facilities, retail shops, etc.)
- Industrial (manufacturing or processing establishments where the water is used principally in the manufacturing or processing of a product. Industrial includes factories, refineries, bottling plants, etc.)
- Other Public Authority (OPA) (municipal, county, state or federal agencies). OPA includes municipal buildings, public schools, public libraries, government hospitals, fire stations, public housing developments, etc.
- Irrigation only
